

ASP FACTS

Product: SideBreak® Paddle

The SideBreak Paddle includes a SideBreak carrier with an interchangeable Paddle.

The carrier can be locked in five distinct positions on each belt attachment.

ADVANTAGE:

The ASP SideBreak Paddle provides an attachment platform for the SideBreak baton carrier. The scabbard can be locked in five distinct positions on the platform.

The ASP SideBreak case overcomes the difficulties with traditional baton carriers. It is fashioned with the polymer technology of the finest firearms. The scabbard will not easily mar or show wear.

SPECIFICATION:

- Polymer technology
- Wear resistant Belt Paddle attachment. Stainless attachment screws
- Retracted batons will not shake open
- Retains an expanded baton
- Side break presentation
- Steel retention bar
- Five carry positions
- Hex Key holder
- Patent 5,449,104
- Patent 5,617,980
- Patents Pending

PERFORMANCE:

No other expandable baton case offers the attachment convenience and features of the SideBreak Paddle Scabbard.

SALES STRATEGY:

Demonstrate the compact size, versatility and multiple features of the SideBreak Paddle against the "pouch" construction of other cases.
